RE: SIDEWALK CLEANING

Attention Union Center Residents:

In accordance with ordinance 2012, this is a reminder that the snow needs to be removed from the sidewalks within 24 hours after the storm subsides.

If not taken care of in a timely manner, the Village will remove it at a rate of \$75 per hour.

The amount of removal will be billed to you, and if not paid, will be added to your property taxes as a special assessment.

Thank you for your help in taking care of this matter.

Union Center Village Board
